

"DERMASTEM efficiently regained my skin elasticity and tonicity. Its firmness was restored and visibly reduces my fine lines and wrinkles. It lessens the need for external camouflage and helps prevent future skin damage!"

- Julie Yang-Go, Quezon City.

Renewing Your Skin The Way Mother Nature Intended

Stemtech's scientific team has worked for years to perfect just the right formula and the best processing methods to revolutionize the skin care market and bring unprecedented results to men and women everywhere. Our carefully selected ingredients are sanitized by innovative sound-wave technology, and our unique emulsification procedure blends the ingredients without the use of chemicals.

Younger skin throughout your lifetime

The serum's all-natural ingredients provide the ideal environment for the regenerative properties of your skin's adult stem cells, while producing elements essential to youthful-looking skin.

Unveils brighter, smoother, younger looking skin, starting in 7 days!

From Stemtech The Stem Cell Nutrition Company™

Stemtech is a Science-based company with patented and patent-pending products, along with published scientific studies.

Stemtech nutritional products support the release, circulation and migration of stem cells to tissues and organs - including the skin.

INNER Wellness

OUTER Vibrance

DermaStem® Renewal Serum supports the proliferation of skin stem cells to revitalize and renew the skin.

DermaStem®

Renewal Serum

The latest DISCOVERY from Stemtech, the leader in adult stem cell science.

This breakthrough, all-natural serum revitalizes your skin at the cellular level, to restore and maintain your skin's youthful vibrance. By supporting your body's adult stem cells to renew the skin from within, DermaStem supports the rejuvenation of the epidermis... revealing younger, healthier-looking skin, starting in only 7 days.

A Worldwide Search for the Very Best **Pure & Natural** Ingredients

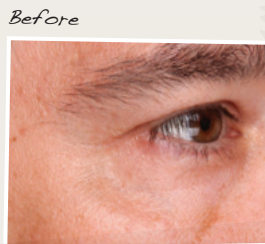

Our serum is a proprietary blend of dozens of certified organic, organically-grown and wild-harvested ingredients. Each works both individually and in concert to rejuvenate your skin, while fighting the effects of oxidative stress and other harmful internal and external triggers that cause premature aging of the skin. DermaStem's cold processing preserves the delicate essence of these plants, which could be destroyed by heat-based processing.

Untreated skin: before DermaStem

Treated skin: Skin after 28 days with DermaStem

Untreated skin: before DermaStem

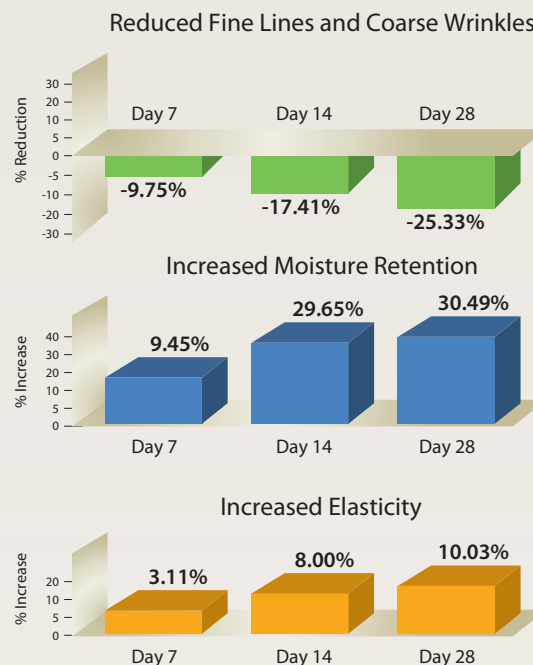

Treated skin: Skin after 28 days with DermaStem

Clinically **Tested** Formula Delivers Real Results

In an independent study, DermaStem demonstrated dramatic changes in the three essential elements of youthful-looking skin.

**25% fewer wrinkles,
30% more moisture, and
10% more elasticity in 28 days!**

"At my age, it is difficult to find a real skin serum that will naturally work without the harmful effects of chemicals. I found DermaStem which is organic and pure. It helps reduce my wrinkles and restore suppleness. All my friends said I look much younger than my age."
— Barbara Gonzalez

A Serum With Absolutely **Nothing** Artificial

A cold fusion of natural oils that blends invisibly into your skin, ALL- NATURAL DermaStem contains a velvety emulsion of the world's most restorative ingredients.

Genistein and Samambaia, along with 14 berry concentrates packed with antioxidants offer natural protection against skin damage from sun exposure.

Black Mamaku, Moringa, Shea, Rosa Mosqueta and Sangre de Drago are used by natives of various parts of the world to treat wounds and have shown, in various studies, to support skin renewal.

A proprietary blend of AFA, Aloe Vera, Fucoidan, Cehami, Cacao and Vanilla that was documented to increase the proliferation of skin stem cells by more than 112%.

NO petroleum derivatives, preservatives, or chemicals will ever touch your skin.

"After using DermaStem for a month, I noticed a difference in my eye area which don't droop much anymore and the fine lines have diminished. Also the tone of my skin has improved. You should see my skin before I took this product and there's really a major difference. I felt it really hydrates my skin and firms my face making me look radiant and youthful." — Myra Villena
