

The Stem Cell Nutrition Company

stemtech

Bringing Hope
for the
FUTURE

The Worlds' First Stem Cell Nutrition Company

- The two things that people seek most are good health and financial freedom.
- Without these, your options are limited but with them you have more choices in life and more peace of mind.
- Imagine being able to do what you want, whenever you want!
- Wouldn't it be nice to spend more time with those you love?
- To earn an income from any place you want, even in a tropical island!
- Let's find out how tens of thousand of people are already gaining control of their future and how you can join them if you choose.

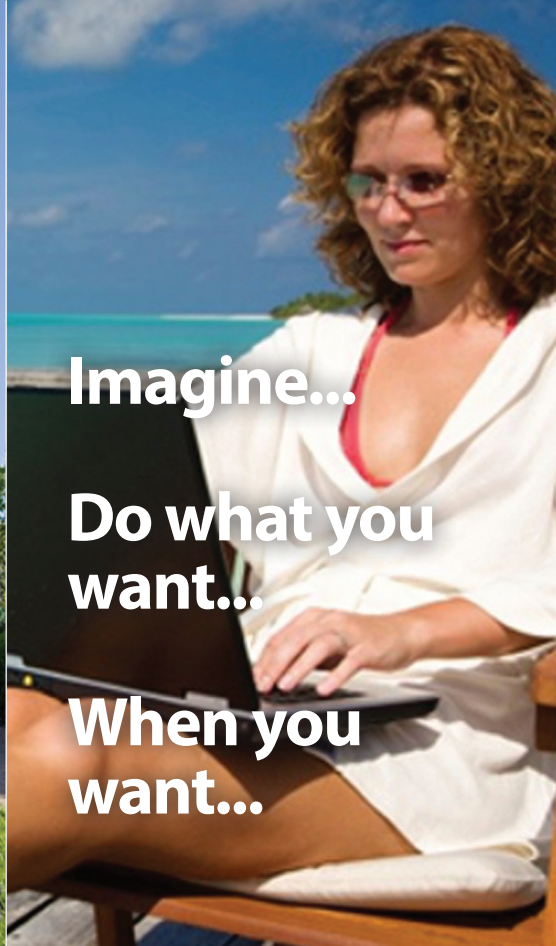

What would it mean to...

**Good
Health**

**Financial
Freedom**

Imagine...

**Do what you
want...**

**When you
want...**

The Worlds' First Stem Cell Nutrition Company

- The story begins with Stemtech International, Inc., headquartered in San Clemente, California and founded in 2005 by two men with a common vision.
- Ray C. Carter Jr., a seasoned business man with an MBA and over 20 years experience in direct sales and marketing...
- And Christian Drapeau, a neurophysiologist, leading stem cell authority and co-developer of Stemtech's breakthrough flagship product

The Worlds' First Stem Cell Nutrition Company

- An interesting aspect of Stemtech's growth has been Ray and Christian's ability to assemble a truly top-flight management team.
- Many share the philosophy for which Stemtech was founded.
- Bringing to the market the world's first ever Stem Cell Enhancer – SE2!

founding philosophy

What is SE2

- So what is SE2?
- To put it in scientific terms, it's a patented, proprietary concentrate of an aquatic botanical, aphanizomenon flos-aquae plus other ingredients.
- Shown to support the release of more adult stem cells... for a longer period of time....

Stemtech What is SE2™

What are Stem Cells

- But to understand the real importance of SE2 and what it does, we first need to learn a little about stem cells....
- Sometimes called “master” cells, stem cells have the ability to turn into virtually every type of cell in the body.
- There are basically two types of stem cells....

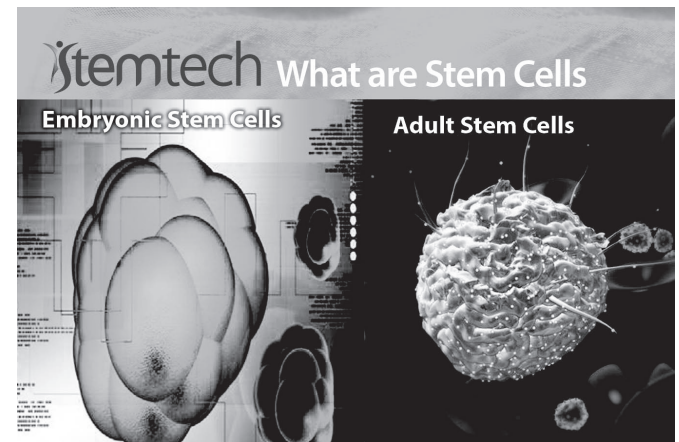

Stemtech What are Stem Cells

Stem Cells
are the body's "master" cells.
They have the ability to
become virtually every type
of cell in the body

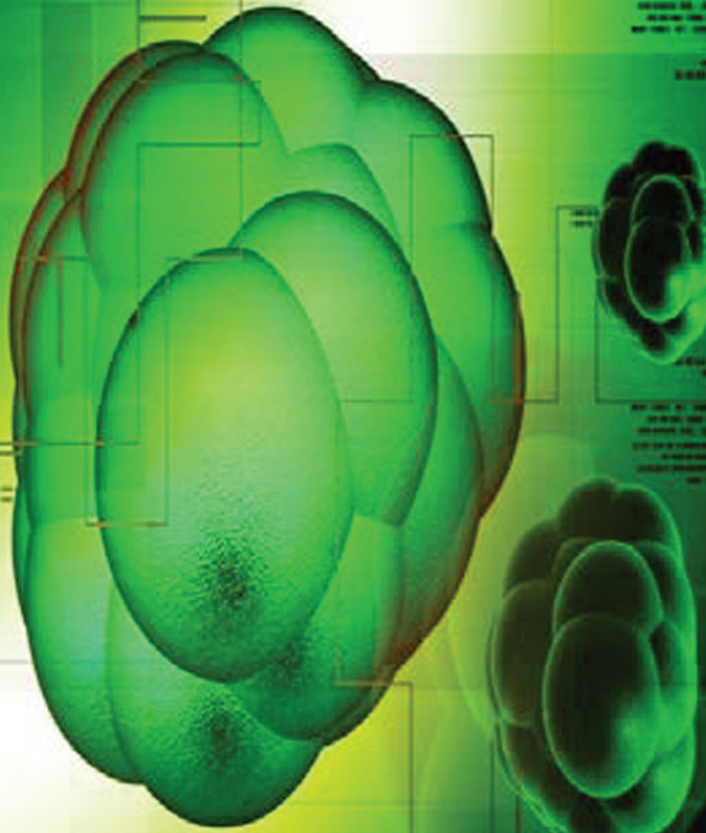

What are Stem Cells

- The first being embryonic stem cells....
- You've probably heard of these, their use is highly controversial.
- The second type is adult stem cells.
- And it was only recently that researchers began to discover the real extent of what they do.
- Adult stem cells are present in your body literally from birth.
- And scientist have now found that they are the key to your body's natural renewal system.

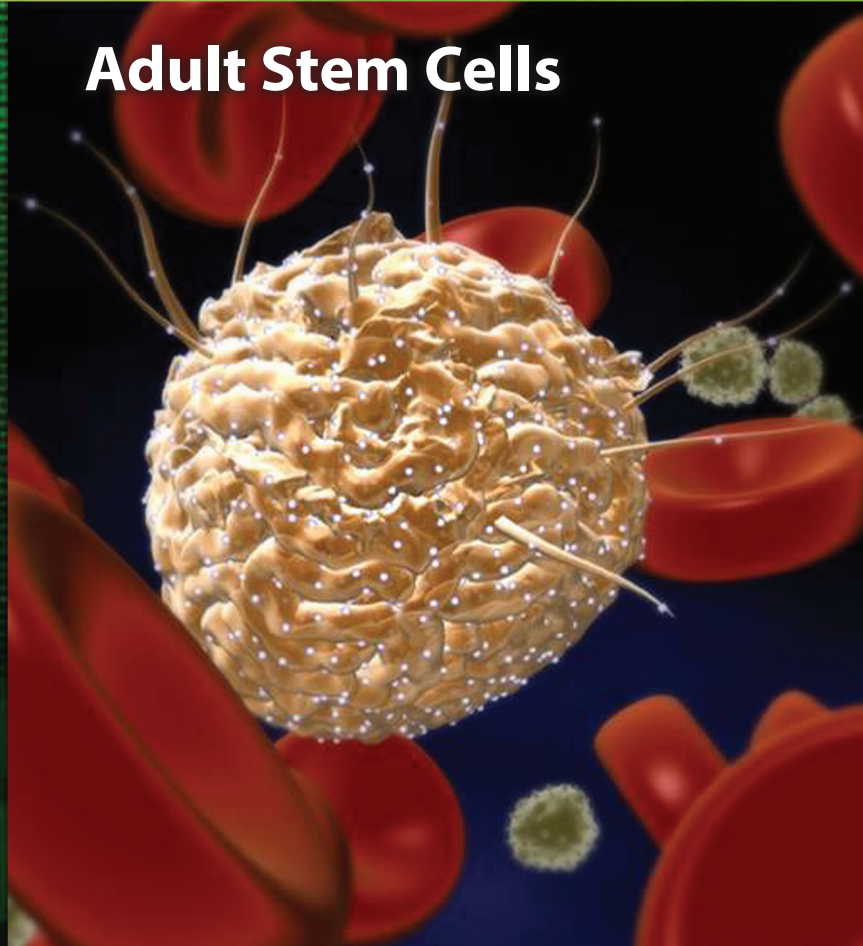

Stemtech What are Stem Cells

Embryonic Stem Cells

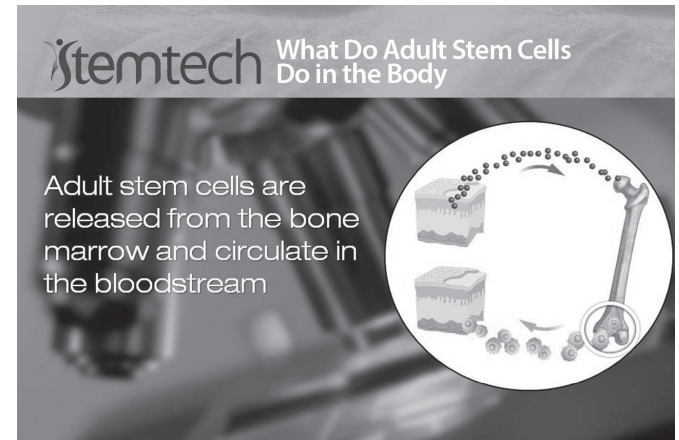

Adult Stem Cells

What Do Adult Stem Cells Do in the Body

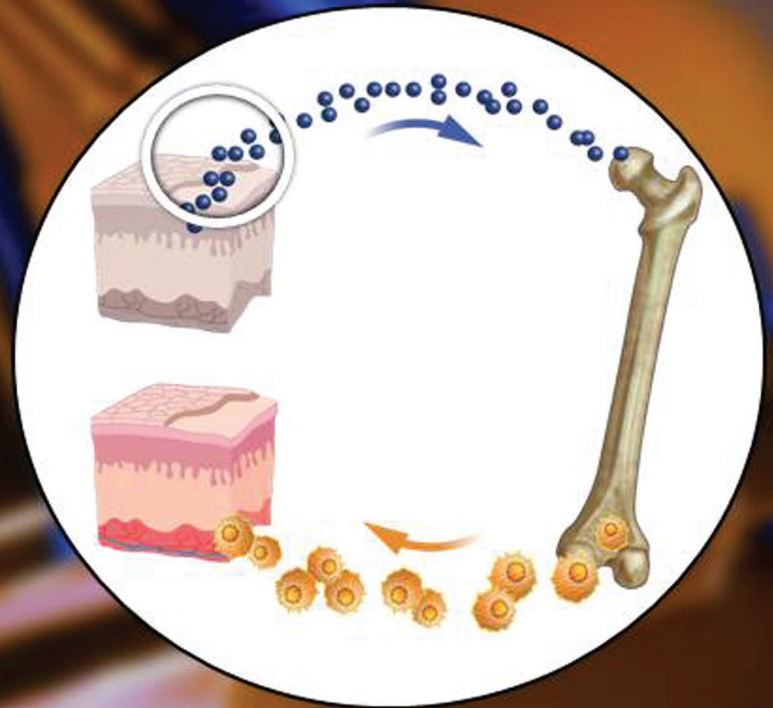

- Let's take a look at what adult stem cells do in your body.
- Messengers are sent by tissues in need requesting the release of adult stem cells from the bone marrow.

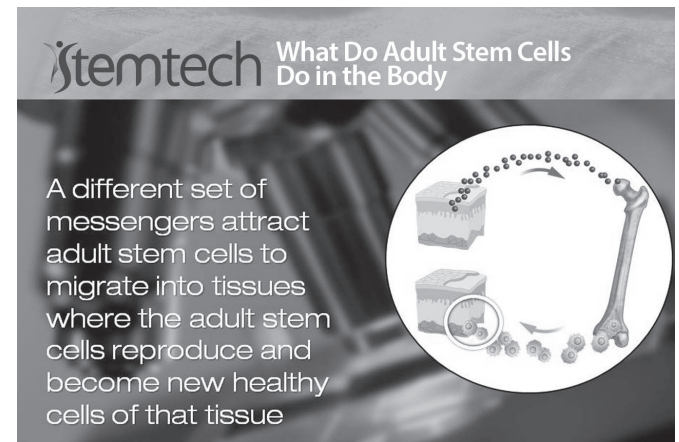

What Do Adult Stem Cells Do in the Body

Messengers are sent by tissues in need requesting the release of adult stem cells from the bone marrow

What Do Adult Stem Cells Do in the Body

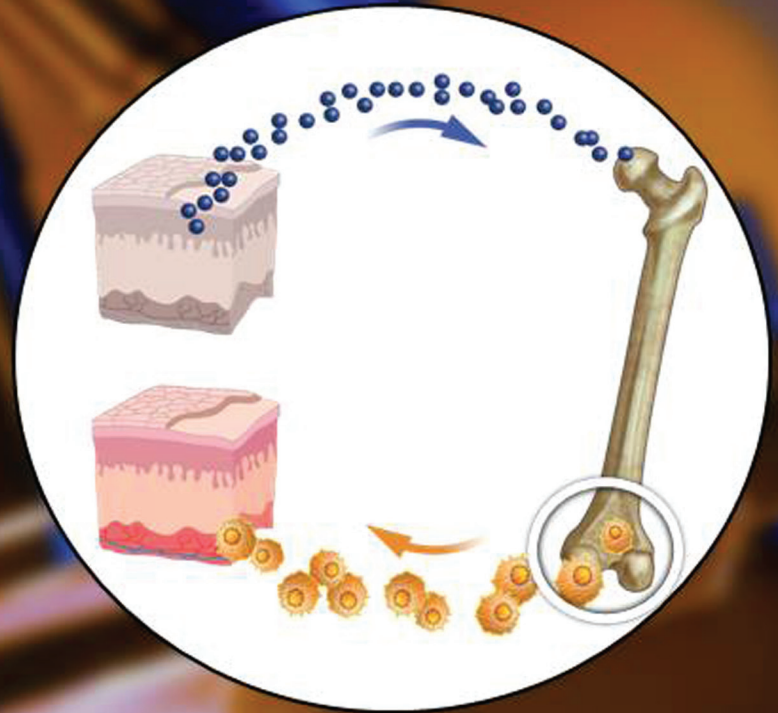

Adult stem cells are released from the bone marrow and circulate in the bloodstream.

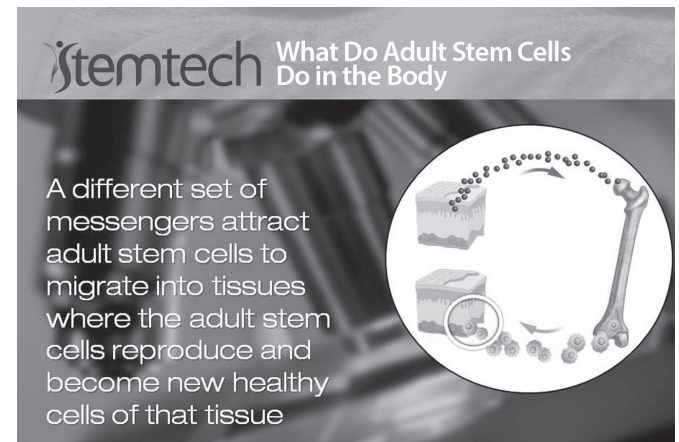

What Do Adult Stem Cells Do in the Body

Adult stem cells are released from the bone marrow and circulate in the bloodstream

What Do Adult Stem Cells Do in the Body

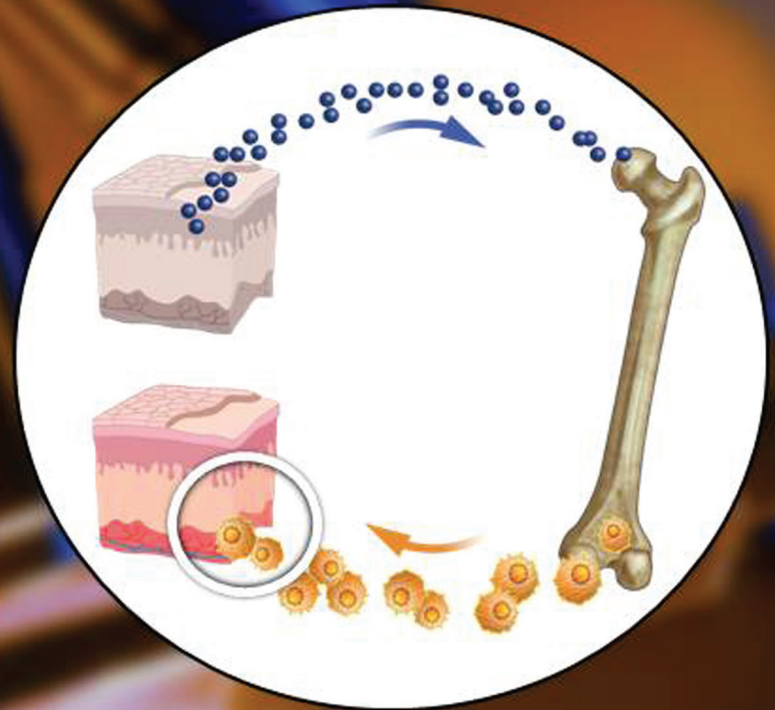

- A different sets of messengers attract adult stem cells to migrate into tissues where the adult stem cells reproduce and become new healthy cells of that tissue.
- Isn't that fascinating!

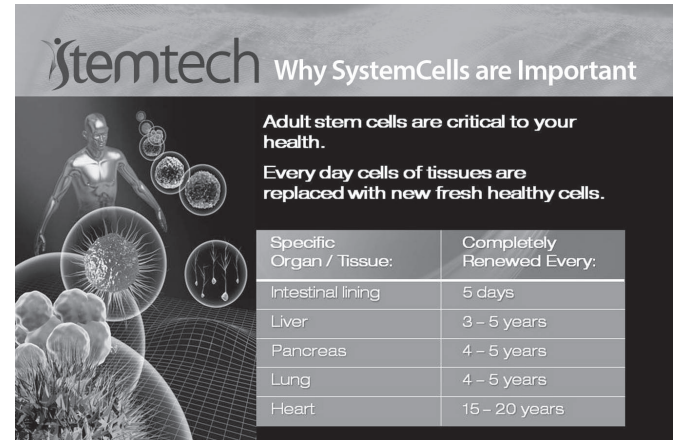

What Do Adult Stem Cells Do in the Body

A different set of messengers attract adult stem cells to migrate into tissues where the adult stem cells reproduce and become new healthy cells of that tissue

Why Stem Cells are Important

- Adult stem cells are critical to your health because your body replaces old cells with new, fresh, healthy cells everyday.
- For example...
- Your intestinal lining is completely replaced by new cells about every five days.
- Your liver every three to five years.
- Your pancreas and lungs every four or five years.
- And your heart every 15 to 20 years.

stemtech Why SystemCells are Important

Adult stem cells are critical to your health.

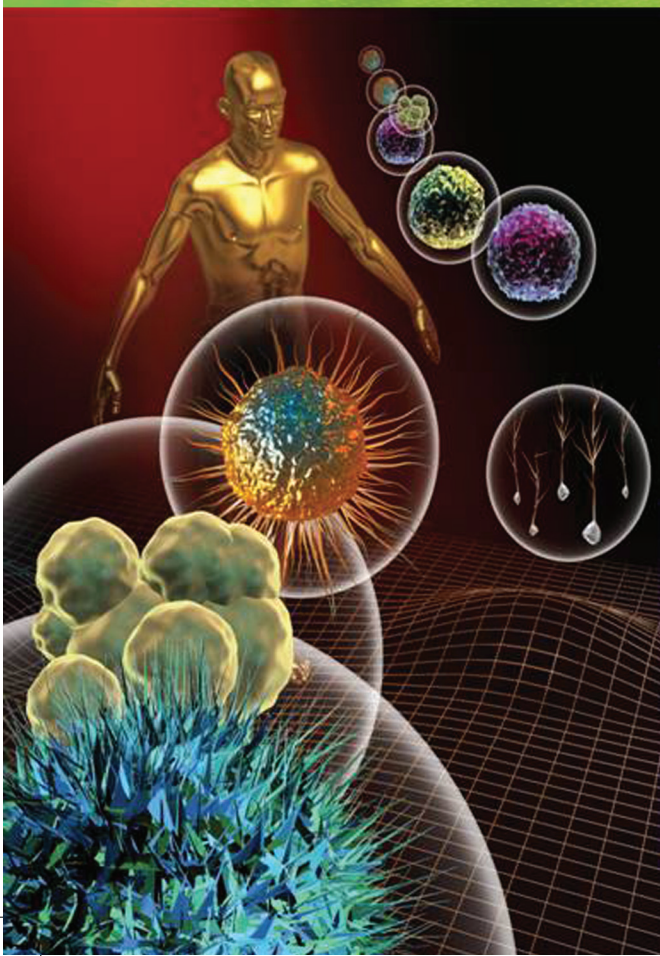

Every day cells of tissues are replaced with new fresh healthy cells.

Specific Organ / Tissue:	Completely Renewed Every:
Intestinal lining	5 days
Liver	3 – 5 years
Pancreas	4 – 5 years
Lung	4 – 5 years
Heart	15 – 20 years

Stemtech Why System Cells are Important

Adult stem cells are critical to your health.

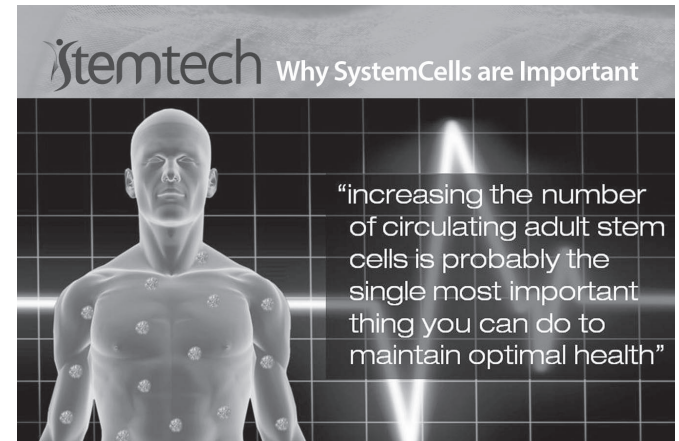

Every day cells of tissues are replaced with new fresh healthy cells.

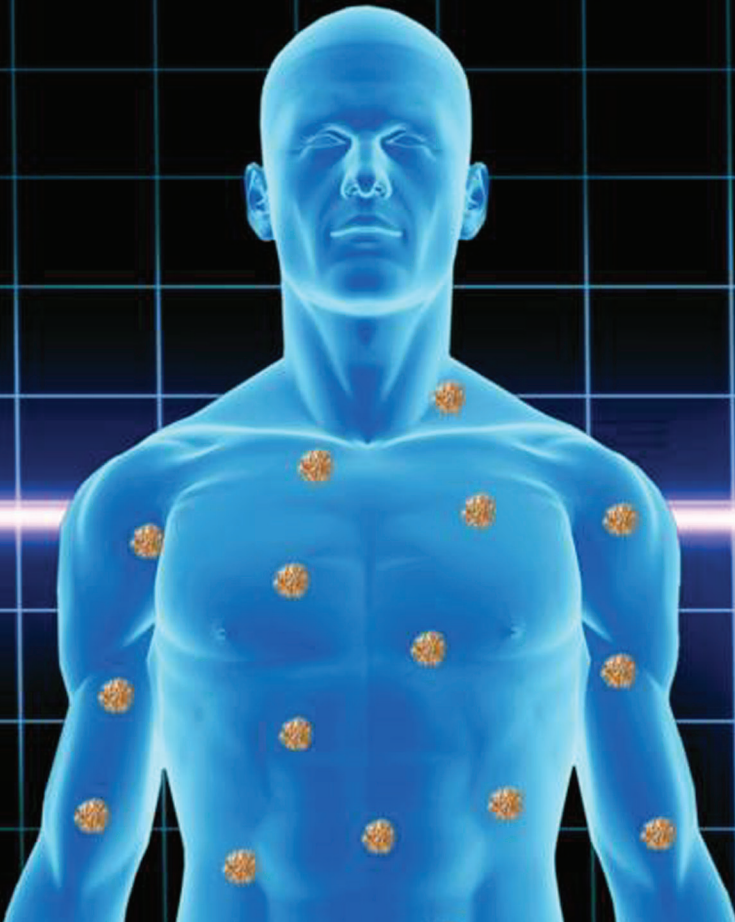

Specific Organ / Tissue:	Completely Renewed Every:
Intestinal lining	5 days
Liver	3 – 5 years
Pancreas	4 – 5 years
Lung	4 – 5 years
Heart	15 – 20 years

Your Key to Optimal Health

- That's why results of many scientific studies indicate that increasing the number of circulating adult stem cells is probably the single most important thing you can do to maintain optimal health.
- And this is where SE2 comes in....

Stemtech Your Key to Optimal Health

“increasing the number of circulating adult stem cells is probably the single most important thing you can do to maintain optimal health”

What SE2 Does...

- Taking just one(1) gram of SE2 supports an increase in the number of naturally released adult stem cells in circulation – for a longer period of time...
- This is equivalent to millions more new stem cells in circulation – making SE2 one of the greatest wellness discoveries of our time!

A black and white photograph of a smiling woman with long blonde hair, wearing a dark tank top, holding a clear plastic water bottle. The background is a soft-focus outdoor setting with trees.

stemtech What SE2 Does

Taking three capsules supports an **INCREASE** in the number of naturally released adult stem cells in circulation – for a longer period of time

Equivalent to millions more new stem cells in circulation

Stemtech What SE2 Does

More Stemtech Products

- Stemtech's other unique product includes StemFlo, a triple action anti-oxidant that supports optimal blood circulation by reducing fibrin and oxidative stress in the blood.
- StemFlo is especially designed to support the delivery of adult stem cells from the bloodstream to tissues in need.
- When used in tandem with SE2, StemFlo optimizes the body's ability to deliver and circulate adult stem cells to tissues and organs in need.

EVERYONE!

The Timing is Now!

- These products are a major breakthrough in wellness and Stemtech's timing into the market place could not be better.
- You are perfectly positioned to capitalize on the emerging Stem Cell Nutrition Industry if you choose.
- Let's find out how....

Stemtech The Timing is Now!

You are **PERFECTLY POSITIONED**
to capitalize on the emerging
Stem Cell Nutrition Industry
if *you* choose

Our Business Model

- Stemtech's products are not sold in stores, one reason being that most consumers do not yet know what stem cell nutrition is.
- Instead, our products are sold via Network Marketing, a method that is very effective when something needs an explanation.
- Network Marketing rewards Business Partners for selling products direct to consumers and for recruiting and helping others build financially-rewarding businesses of their own.
- And it's popularity is growing. Recent survey shows that 74% of people in the United States have purchased products this way.

stemtech Our Business Model

Network Marketing rewards Business Partners for selling products direct to consumers and for recruiting and helping others build financially-rewarding businesses of their own.

Why Network Marketing...

- In fact, Network Marketing is a huge industry.
- According to the US Direct Selling Association, it generates worldwide sales of US\$114 billion a year!
- The Philippines accounts for about US\$400 million a year, with more than 3 million Business Partners purchasing products at wholesale prices for themselves and for resale.
- So who is involved in Network Marketing?
- People of all ages, genders and professions. The benefits are attractive to most anyone, no matter their background.

stemtech Why Network Marketing

Why Our Opportunity

- Perhaps the best way to explain why so many people have chosen to pursue the Stemtech Opportunity is to ask a simple question..
- If you didn't go to work for a month, would you still get paid?
- Now more than ever, people are realizing the need for "Plan B"- where you are your own boss, where you can never get fired or laid off.
- Something that let's you work from home and set your own schedule, where you can begin building your future part-time, without having to give up your current employment.
- An opportunity to build a residual income stream, so you can break the "time equals money" equation by simply introducing people to the product and getting paid on their reorders over and over again.
- Something where you can leverage your efforts as you show others how to do what you're doing, and earn an override from Stemtech based on their success.

Stemtech Why Our Opportunity

Why StemTech?
Ask yourself a simple question

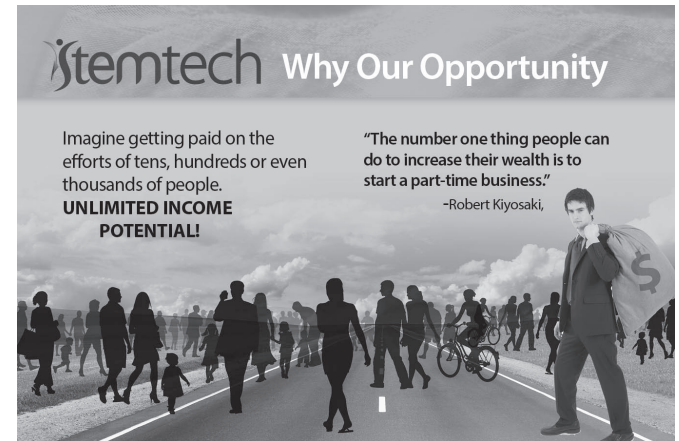

Do you have a PLAN B?

- Be your own boss
- Never get fired or laid off
- Set your own schedule
- Build a residual income with products that really work
- Leverage your efforts

Why Our Opportunity

- Imagine getting paid on the efforts of tens, hundreds or even thousands of people.
- That gives you virtually unlimited income potential!
- According to Robert Kiyosaki, author of the famous book Rich Dad Poor Dad, “The number one thing people can do to increase their wealth is to start a part-time business.”
- And with Stemtech, this is a very attractive possibility.

stemtech Why Our Opportunity

Imagine getting paid on the efforts of tens, hundreds or even thousands of people.

**UNLIMITED INCOME
POTENTIAL!**

"The number one thing people can do to increase their wealth is to start a part-time business."

-Robert Kiyosaki,

Why Our Opportunity

- You don't need any special skills or experience, because your in business for yourself but not by yourself.

- Useful publications.
- A complete training system.
- Even customized website, complete with movies and online shopping cart! This makes it easy to share Stemtech information with contacts in other locations, whether it's next door or halfway around the world!

Stemtech Why Our Opportunity

complete
Marketing,
Training
and
Business
Support
to grow your
business
locally and
globally

A Global Opportunity

- Stemtech can be a truly global opportunity for you. We are already operating in dozens of countries on six continents and we are expanding into more each year.
- Imagine what can happen when you or your group knows people in one of these countries.
- When they join Stemtech and build an organization there, you could literally be making money while you sleep!

stemtech A Global Opportunity

A Company that Gives Back

- But you're not the only one who will benefit from your efforts.
- You are joining a company that gives back to the community.
- So your efforts go towards helping the Stemtech Global Foundation make donations to worthy charities around the world.

Stemtech A Global Opportunity

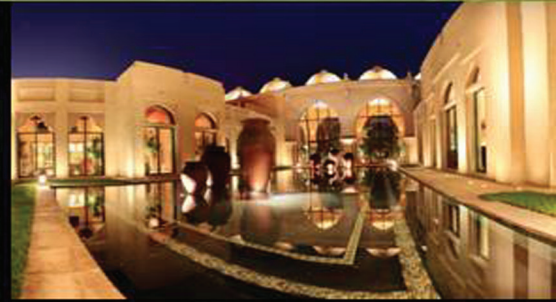

Earn Extra Rewards

- You can also earn extra rewards with Stemtech.
- Help enough people improve their lives and you can drive a free BMW of your choice, paid for by Stemtech.
- Or enjoy a world-class vacation with Rey, Christian and other top corporate and field leaders.

Stemtech Earn Extra Rewards

Timing is Everything

- One more reason to consider the Stemtech Opportunity today.
- They say that timing is everything in the business, and with Stemtech the timing is now.
- We have a red-hot patented product perfectly positioned to capitalize on the stem cell media frenzy, and we have successfully completed the risky Formulation phase that all new companies must go through when bringing a product to market.

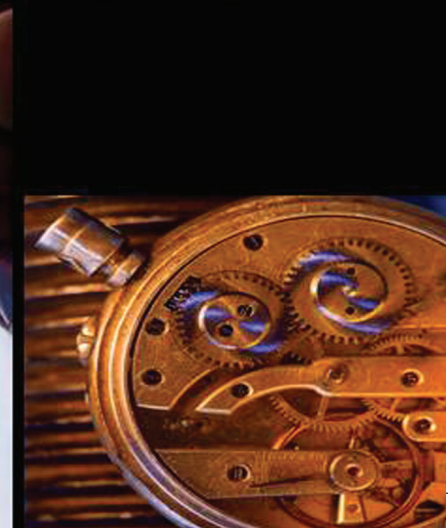

stemtech Timing is everything

- Timing is everything
- Red-hot patented product
- Perfect market positioning
- Successfully completed formulation phase

The graphic includes three images: a collection of Stemtech product bottles, a scientist in a lab coat holding a test tube, and a close-up of a wristwatch next to a line graph on a screen.

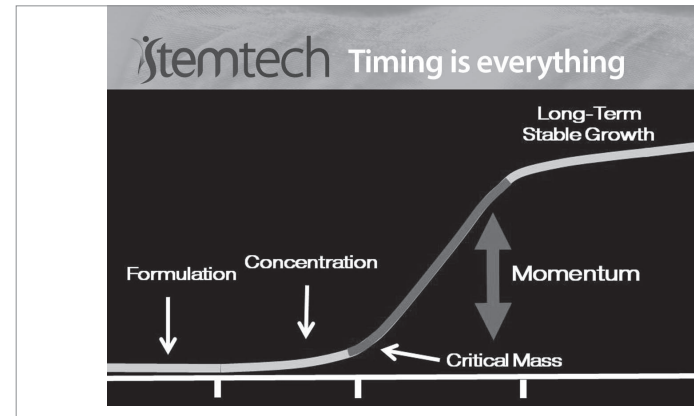

Stemtech Timing is everything

- Timing is everything
- Red-hot patented product
- Perfect market positioning
- Successfully completed formulation phase

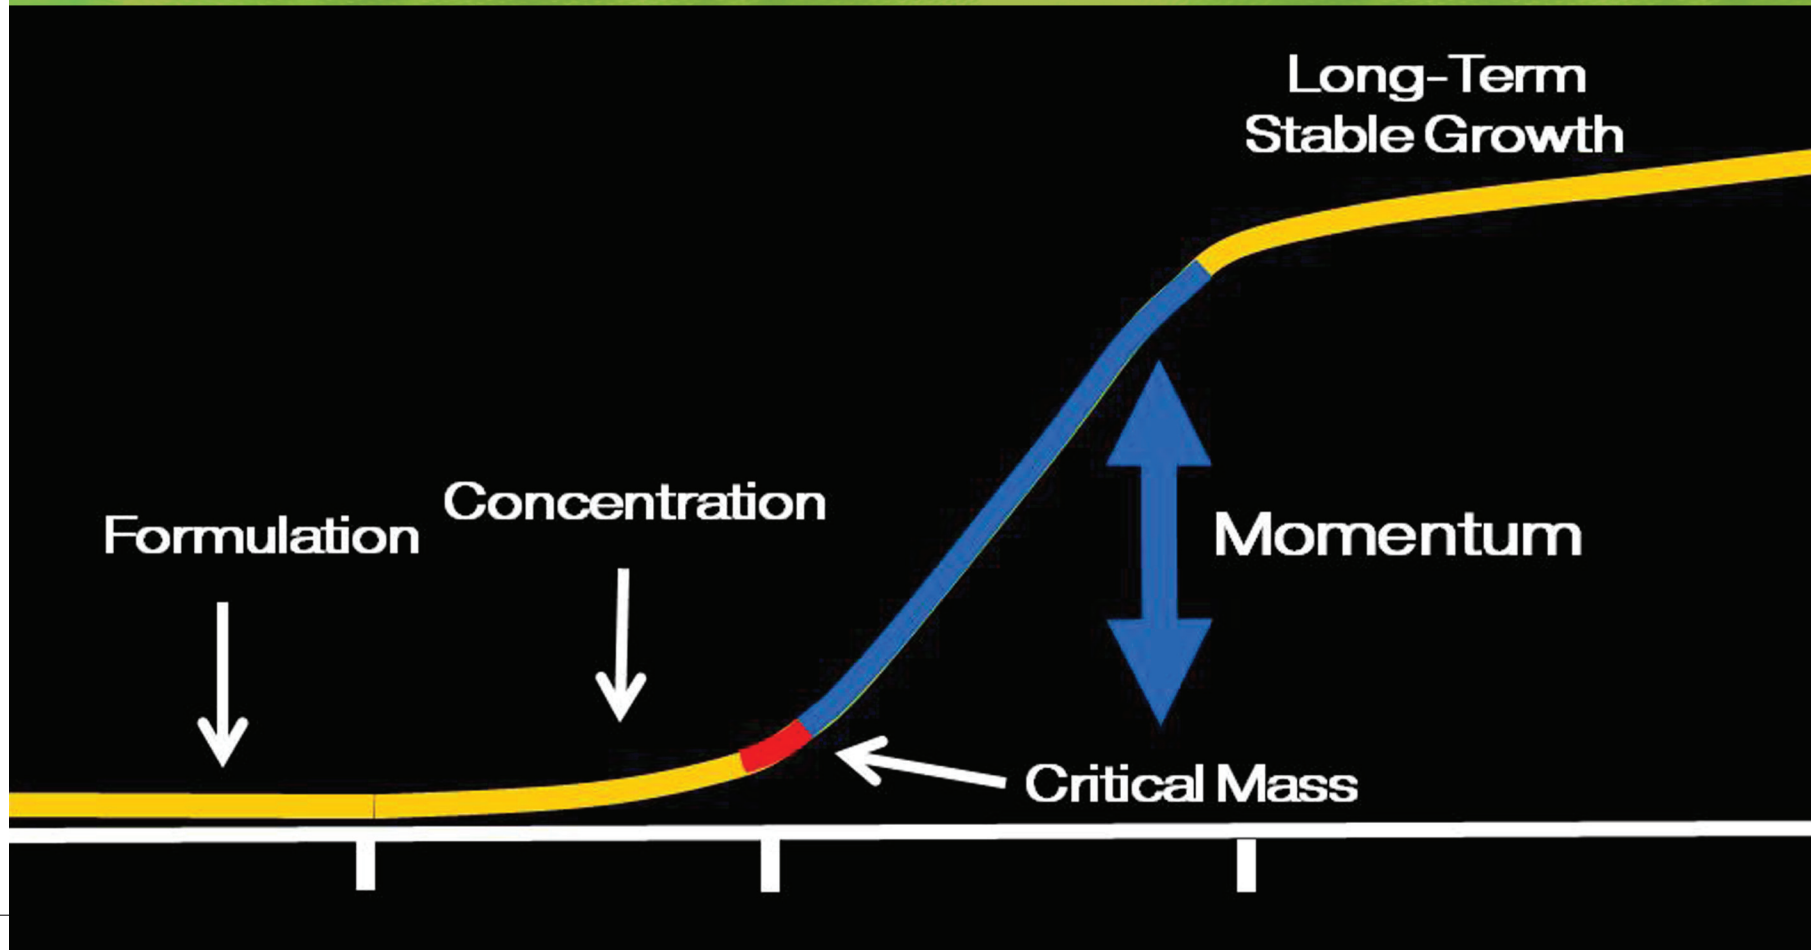

Timing is Everything

- We are now well into the next phase, Concentration, with infrastructure in place to handle growth and growing product visibility.
- Historically the Concentration phase is followed by a period of very fast growth as the new product goes from being a specialty item to a recognized brand, eventually settling into pattern of long-term stable growth.
- The period of fast growth is known as the Momentum phase, and it is here that savvy entrepreneurs can literally earn a fortune in a relatively short amount of time.
- In our industry, a recognized way to take advantage of this phenomenon is to get involved and build the biggest team you can before the point known as “critical mass” where momentum takes hold and things start to explode.
- The trends are pushing Stemtech ever closer to critical mass as we become known as The Stem Cell Nutrition Company.
- So the time to get involve and start building your future is now!

stemtech Timing is everything

Imagine the Possibilities

- Most people never have the chance to capitalize on a perfect timing like this, but you do!
- Doesn't it make sense to begin using a product line that gives you more control over your health?
- To capitalize on an opportunity that gives you more choices in life?
- To align yourself with a company that gives you more hope for the future?

stemtech Imagine the Possibilities

A product line that gives you more control over your health	An opportunity that gives you more choices in life	A company that gives you more hope for the future
